Hi Roseanne,

I will not be able to call in on June 2. Phil North is our technical team lead. I will CC him on this message chain. Thanks for thinking of us.

Rick, thanks for letting me know. Is there any chance that you might be able to participate via teleconf?

Also, is there a technical or staff person who would suggest for participation?

Thanks.
Roseanne

Hi,

I will be in AK on June 2, but Sheila knows everything about the project. Thanks

Thanks, Rosanne, for the invitation. I would be interested in meeting with her and would also request you include Rick Parkin in the invitation, since he is the management lead. I can rearrange my schedule and meet anytime that day. FYI - we are working with the folks in ORD's National Center for Environmental Assessment on the Bristol Bay project. Thanks again.

Hi Sheila - Jennifer Orme-Zavelata, ORD's National Program Director (NPD) for the water research programs, will be visiting the R10 offices on Thursday, June 2. The NPDs are in charge of developing ORD's research program and assigning budget. ORD's water research program is currently being developed. I thought you might want to discuss Bristol Bay with her. Are you interested and available?

Roseanne
